WHAT A WAGNER MOTOR WILL DO.

You give a Wagner Electric Motor a kilowatt hour of electricity. The Motor will—Saw 300 feet of timber, Clean 5,000 knives. Clean seventy-five pairs of shoes. Clip five horses. Run a sieve two hours. Iron thirty silk hats. Grind 120 pounds of coffee. Knead eight sacks of flour. Fill and cork 250 one-pint bottles. Pump an ordinary church organ for one service. Pump 100 gallons water twenty-five feet. Run buffing wheel twenty hours. Run an elec-

Notice of Sale of School Bonds.

School District No. 19 of Eddy County, New Mexico, in pursuance of an election held for that purpose on August 27th 1908, has issued \$5000 school bonds, dated September 1st, 1908, due 30 years after date, with interest from date at 6% per cent, payable semi-annually, with option to redeem at any time after ten years. The trustee will sell and hold to the highest bidder thereafter at his office in Carlsbad, N. M., on Saturday the 21st day of November, 1908, but no bid will be considered for less than 90 per cent on the dollar.

Witness my hand, this the 30th day of October, 1908.

Pasture Without Grain.

At the Mississippi experiment station careful tests have been made to determine the value of alfalfa pasture without grain for hogs. Pigs ranging in age from three to twenty-four months have been used, and the results of two years' work show that alfalfa is little more than a maintenance ration for growing hogs without grain. Satisfactory gains have always been secured from alfalfa pastures by supplementing the pasture with from 1 to 2 per cent of the weight of the hogs in corn or other grain.

Cows without grain so far have given better results than any other crop for hog pasture. In one test the crop was grown on thin hill land where one acre of cowpeas produced 350 pounds of pork. In another test on rich valley land one acre of cowpeas produced 483 pounds of pork. The hogs were put in the field when the peas were about ripe.

How to Feed Alfalfa Hay.

In order to prevent undue waste when feeding alfalfa to pigs, the hay should be fed in a slatted rack placed in a flat bottomed trough. The spaces between the slats should not exceed 2½ inches, and the trough should extend at least eighteen inches beyond the rack in every direction. The coarse stems left by the pigs may be fed to stock cattle.—J. J. Vernon.

Catholic Services

are held regularly every Sunday at both of the Catholic churches of Carlsbad. High mass and sermon in English at 10 a. m. every Sunday. Instruction in Christian doctrine at 3 p. m. Benediction after instruction.

Mass at 7:30 a. m. every morning during week days.

Mass at 9 a. m. at the church of San Jose, for the Spanish speaking natives or others, on Sundays.

Go to the City Livery Stable to get your horse fed.

A Lazy Liver

May be only a tired liver or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, emaciated body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the detection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipation or irregular bowels, feel weak, easily tired, listless, frequent headaches, pain or distress in "small of back," drawing or distressed feeling in stomach, perhaps nausea, or other "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you faster and more completely than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glycerine extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.
